1 General structure

This chapter goes over the various competition styles, disciplines and classes and explains what series participants may end up in and what rules they need to observe.

Exceptions and/or additions are set out in the chapters on the specific disciplines.

1.1 Styles

Danssport Vlaanderen organises competitions in the following contemporary dance styles:

- Disco ([chapter 3](#)): soloists, duos, small groups, formations
- Street dance ([chapter 4](#)): soloists, duos, small groups, formations
- Jazz dance, modern & show dance ([chapter 5](#)): soloists modern (juniors + adults), duos modern (juniors + adults), small groups jazz dance, modern and show dance, formations jazz dance, modern and show dance

1.2 Disciplines

Within the various styles, participants are free to compete in the various disciplines.

MIND: not all styles cater for all the various disciplines!

1.2.1 Soloists

Clip dance

Clip dance is a dance style Danssport Vlaanderen imposes on starting competition dancers in the age category (Mini Kids and) **Children**. This dance style is taught and practised in clubs. In this particular discipline, participants take up an orderly position across the floor (in rows and staggered across the 2nd half of the dance floor, opposite the judges) wearing their starting number on their tummy.

Clip dance includes key elements that must be performed technically correctly. The idea is to make dancers aware of correct posture and the importance of a well-finished routine.

Participants must take care not to endanger themselves and/or other participants while performing their routine.

Own choreography

The music must be in keeping with the style.

Participants must take care not to endanger themselves and/or other participants while performing their routine.

The dancers are not obliged to perform the same routine in the various heats.

1.2.2 Duos

Both dancers are expected to dance together. A well-executed duo performance consists of synchronised dance steps and typical choreographic elements such as: follow the leader, shadow and mirror..., and, more importantly, a mix of all the various possibilities. Duos must dance as one unit.

Duos must take care not to endanger themselves and/or other participants while performing their routine.

1.2.3 Small groups and formations

- A small group consists of minimum 4 and maximum 7 dancers. A formation numbers a minimum of 8 dancers. In cases where these numbers are not adhered to, participants can still take part but on a non-competitive basis only.
- The Danssport Vlaanderen Secretariat must be informed of the exact group composition at the start of the new sporting year.
- Only one standby dancer is entitled to stand in for a regular dancer.
- Small groups and formations are assessed as one unit. Solo or duo elements are permitted but cannot predominate.
- Groups are free to choose their own group name. The name of that group shall remain unchanged for the duration of the sporting year. Names can only be changed at the start of a new sporting year, in which case the Secretariat must be notified. The name of the group belongs to the club and cannot be re-used if the group moves to another dance club. Should the same group name appear more than once in the competition circuit, the group names must be differentiated by means of the club name's initials, positioned after the name of the group.
- Groups that make it to the semi-finals must use the same choreography in the finals (formations must also dance to the same music).

1.3 Age categories

Age category	Mini Kids (disco) & Children	Juniors	Adults	Adults 2
Age	up to and including 11 years	12-15 years	16+	28+
Born in	2007, 2008, 2009 or later	2003, 2004, 2005, 2006	2002 and earlier	1990 and earlier

Age determination

All ages are determined on the basis of the dancer's/dancers' year of birth and this in accordance with the following formula: **the year of the championship (2018) minus the dancer's year of birth = the dancer's age.**

Example:

A dancer was born on 09/06/2006. In line with our formula: 2018 – 2006 = 12 years. As a result, the dancer shall take part in the 'Juniors' category even if the dancer does not turn 12 years of age until after the competition season has come to an end.

1.3.1 Soloists

'Adults 2' does not include a category for soloists. 28+ dance in the 'Adults' (16+) category.

1.3.2 Duos

The age of the eldest partner determines the duo's age category.

'Adults 2' does not include a category for duos. 28+ dance in the 'Adults' (16+) category.

1.3.3 Small groups

Older dancers are not admitted and no more than 50% of the dancers may be younger.

If this rule is deviated from, the result will be null and void.

New as of the 2017-2018 sporting year: small group 'Adults 2'

1.3.4 Formations

- Children (up to and including 11 years of age): older dancers are not entitled to take part in this category.
- Juniors (12-15 years of age): 2 dancers may be older than 15 but no more than 16 years of age (birth year 2002). There is no cap on the number of younger dancers (under the age of 12).
- Adults (from the age of 16): max. 50 % of the group can be under the age of 16.
- Adults (from the age of 28): 50 % of the dancers are 28 years of age or older. Minimum age is 16 (birth year 2002).

If this rule is deviated from, the result will be null and void. In that case, participants can participate outside of the category only.

Where only one formation is entered in the 'Adults 2' category, the formation can dance in the 'Adults' category. They will be assessed by the judges but the result will not be included in the 'Adults' results.

1.4 Classes

To ensure that levels are divided evenly, classes have been introduced. Participants in a higher class will compete against participants of a similar level. There are three classes:

- Beginners' class
- Intermediate class
- Advanced class

Participants can end up in the higher classes by earning bonus points.

There are no classes in the 'small groups' and 'formations Adults 2' categories.

1.4.1 Duos

Where duos part company to form a new duo, the former class of both dancers is looked at. If they used to dance in the same class, they will start one class lower but with 2 bonus points. If they danced in different classes, they will start off in the lower of the two classes, without bonus points:

Partner 1	Partner 2	New duo
Start	Start	Beginners' class + 0 BPs
Intermediate	Intermediate	Starting class + 2 BPs
Start	Intermediate	Starting class + 0 BPs

1.4.2 Formations

Groups are qualified as **new** if they consist of less than 50 % of the previous (2016 – 2017) small group/formation participants. In that case, the new group is entered in the Beginners' class and loses its bonus points.

Example:

- During 2016 - 2017, a formation team consisted of 10 dancers. The following year, i.e. 2017 - 2018, 5 dancers of that team continue (= 50 % of the earlier formation). 15 new dancers join the formation, with the result that the team now numbers 20 dancers. The team is NOT qualified as new because at least 50 % of the original formation is retained.

Where **2 groups amalgamate into 1 group**, the previous (2016 - 2017) composition of these 2 groups is examined:

- Where at least 50 % of the dancers of both groups remain, the group will continue in the highest class and hold on to the bonus points.
- Where at least 50 % of the dancers of one group remain, the group will continue in that group's class and hold on to the bonus points.
- Where less than 50 % of the dancers of both groups remain, the group will go back to the Beginner's class with 0 bonus points.

The group is free to dance under either name or to choose a new name.

Group 1	Group 2	New group
Adults Beginners (50 %)	Adults Advanced (50 %)	Adults Advanced
Adults Intermediate (50 %)	Adults Advanced (<50 %)	Adults Intermediate, with retention of the BPs
Adults Beginners (<50 %)	Adults Advanced (<50 %)	Adults Beginners with 0 BPs

1.5 Bonus points

Bonus points are awarded in the beginners', intermediate and advanced classes.

Soloists/duos/formations need **3 bonus points** to move from the beginners' class to the intermediate class or from the intermediate class to the advanced class.

The bonus points in the advanced class are used for ranking purposes (see 2.5).

Advanced classes and 'Adults 2', see also [7.1](#)

1.5.1 Allocation of bonus points

Participants who scored highest in the judges' ranking are awarded bonus points.

The number of participants that is awarded a bonus point will depend on the number of participants in the series. Participants can earn no more than 1 bonus point per competition.

Bonus points are awarded during the Vlaams Kampioenschap (Flemish Championships), not during the Belgisch Kampioenschap (Belgian Championships).

Soloists and duos:

- **Soloists** do **NOT** qualify for bonus points in any series.
- between 2 and 5 participants in any one series 1 BP
- as of 6 participants in any one series 2 BPs
- as of 9 participants in any one series 3 BPs
- as of 15 participants in any one series 4 BPs
- as of 25 participants in any one series 5 BPs
- as of 36 participants in any one series 6 BPs

- as of 47 participants in any one series 7 BPs (= maximum)

Small groups and formations:

- **Soloists** do **NOT** qualify for bonus points in any series.
- 2 up to and including 4 formations in any one series 1 BP
- 5 up to and including 8 formations in any one series 2 BPs
- 9 up to and including 12 formations in any one series 3 BPs
- 13 up to and including 16 formations in any one series 4 BPs
- 17 up to and including 20 formations in any one series 5 BPs
- 21 up to and including 24 formations in any one series 6 BPs

Small groups or formations that rank ex aequo and qualify for a bonus point but fail to make it to the finals, are all awarded a bonus point.

1.5.2 Promotions and transitions

Once a dancer/duo/formation has earned 3 bonus points, the promotion must be accepted, with the result that the dancer(s) in question must dance in the higher class the next time the dancer(s) concerned enter(s) a competition.

Dancers/duos/formations who/that need to move to the next age category shall do so at the start of the new sporting year but will remain in the same class and retain their bonus points.

Exception:

- Participants in the advanced class will go down to the intermediate class and start with 2 bonus points.

Dancers/duos/formations who/that haven't competed for two dancing seasons will start back in the Beginners' class and lose their bonus points.

2 Course of the competition

2.1 Preliminaries and finals

The Danssport Vlaanderen Secretariat sets the format of the competition on the basis of the number of entries and the timing. Danssport Vlaanderen does not take account of dancers who dance in several small groups or formations when organising the timing.

Depending on the number of contestants, an octo-final, quarter-final, semi-final, and where necessary, a rematch is organised.

2.2 Music

Rules on music and duration can be found under the individual disciplines.

In the event of technical problems or other issues attributable to third parties, dancers will be given a second chance.

2.2.1 Set music

Danssport Vlaanderen specifies the music at the start of the season. The set music will always be in keeping with the style of dance. The music can be found on the Danssport Vlaanderen website.

2.2.2 Random music

This music is chosen by the competition organiser. The dancers are not told what music they will be dancing to beforehand. The music shall be in keeping with the style.

2.2.3 Own music

The duration of participants' own music is checked by the competition office. A 5-second margin will be operated. If the sound track is too short or too long, the participant(s) in question will be disqualified.

See also [6.4](#)

2.3 Judging

Please check out the judges' course to find out what the judges will focus on. Dance teachers or club managers can obtain this course via the Danssport Vlaanderen Secretariat.

The judges are entitled to dock points if the performance is not in keeping with the dance style. In consultation with the competition office, the judges may decide to refer any group that doesn't dance in the right style (disco / street dance / show dance / modern / jazz) to the correct dance style as of the next competition. The group in question will be notified without undue delay.

2.4 Championships

2.4.1 Vlaams Kampioenschap (The Flemish Championships)

The Vlaams Kampioenschap is danced by age category and by class.

Participation in the Vlaams Kampioenschap requires:

- Participation in a minimum of **2** (3 in the case of disco) qualifiers in the correct discipline during the sporting year (2017-2018) in the right region.
- Participation in **1** qualifier during the sporting year (2017-2018) prior to 01/01/2018 (not applicable to jazz dance, modern or show dance).

Withdrawal due to illness

- If you are prevented from taking part in the qualifiers because of injury, you may still qualify provided you submit a medical certificate.
Bear in mind though that you will still need to enter the competition by the final closing date!
The medical certificate must be valid on the date of the competition.
- Where 1 of a duo's partners has been struck by illness, a medical certificate will suffice. The other partner will not be required to dance.

2.4.2 Belgisch Kampioenschap (Belgian Championships)

This championship is danced by age category but does not involve classes.

Belgisch Kampioenschap (BK) qualifications requirements:

- Participation in the Flemish Championships (VK)
- A suitable ranking (see 2.5) at the end of the VK:

2.5 Ranking

As of the 2017-2018 competition season, a ranking will be compiled on the basis of classes and bonus points. The advanced class with the most bonus points will top the ranking, the beginners' class with 0 bonus points will be ranked lowest.

As of 2017-2018, soloists, duos, formations in the advanced class, small groups (all age categories) and formations 'Adults 2' will also be able to earn bonus points. However, in these categories, dancers will start each season with 0 bonus points. Anyone who does not compete for two years in a row disappears from the ranking.

The highest ranking participants can take part in the Belgisch Kampioenschap (see 2.4.2.). In the event of an ex aequo ranking, the place in the VK will be decisive.

3 Disco

The main dance styles within street dance are: hip-hop, b-boying, locking, popping, house, krumping and ragga/dancehall, but other street-dance styles can also be performed: jazz rock, wacking, vogue, hype... The various street-dance styles often have their own style of music with their own speed and foundation (basic techniques). When you choose to perform a street-dance style it is essential to you master the basic techniques of the style in question.

All figures may be danced but they must be in keeping with the street-dance styles. All groups should pay particular attention to the following aspects: the correct choice of music (mix), facial expression, aura, finish, attitudes, technique, collaboration.... Attributes may be used provided they do not pose a risk or interfere with the timing.

4.5 Formations

4.5.1 Music and duration

Music: to be chosen by the contestants

Duration: min. 2 min. 30 sec. and max. 3 min.

4.5.2 Figures and choreography

Attributes may be used provided they do not pose a risk or interfere with the timing.

5 Jazz dance, modern & show dance:

5.1 Dance style

The jazz dance, modern and show dance competitions are organised on the same day/during the same event. We differentiate between the various dance styles:

5.1.1 Jazz dance

The category 'jazz dance' includes: old school jazz, theater jazz, Broadway jazz, street jazz, commercial jazz.... Examples of choreography in this style: Bob Fosse, Jack Cole, Matt Mattox... The choreography shall consist of jazz techniques: jazz turns, jazz hands, alignment, placement, sautés, isolations, stretches, use of port de bras.... Timing, rhythm and coordination are essential in jazz dance. As floor work forms part of both jazz and modern dance, the typical modern floor work is permitted provided it does not predominate. The typical jazz floor work can predominate however. Lifts are permitted but acrobatic elements (gymnastic elements such as flip-overs, cartwheels with or without hands, flips...) are not. Attributes may be used provided they serve a functional purpose.

5.1.2 Modern

Modern/Contemporary dance stems from a rebellion against the classical technique. Experimental or original technique and choreography are encouraged but the basic technique is and remains essential. The use of gravity comes very much to the fore, which is expressed in 'grounded' dancing and modern floor work. The modern techniques stem from Limon, Cunningham, Graham, Laban, Duncan.... Modern choreography often has a theme or storyline but that is not essential, in contrast to show dance. Lifts are permitted but acrobatic elements (gymnastic elements such as flip-overs, cartwheels with or without hands, flips...) are not. Attributes may be used provided they serve a functional purpose.

5.1.3 Show dance

Show dance mainly includes stage dance and theatre dance with the accent on entertainment and considerable show effect (effect of surprise). In show dance acrobatic elements (gymnastic elements such as flip-overs, cartwheels with or without hands, flips...) lifts, lip-syncing and attributes are permitted as they add to the performance. Show dance must have a title or theme with a concept or idea, possibly with a storyline that runs through the dance. Various dance styles are permitted as they reinforce the effect of surprise. Entertainment is the most important factor! Adagios have no place in this category unless they are used as intro/bridge before the choreography explodes (for contrast). Attributes can be used.

To clarify the theme, each group is welcome to send in two sentences which the MC will read out before the performance.

5.2 Soloists

Changes can be submitted until Sunday evening, 2 weeks prior to the competition, which is also the final entry deadline. (Entries on the competition day itself will NOT be accepted. It is up to the participating clubs and dancers to check the entries.
- After Sunday evening (8 days prior to the competition) cancellations (without valid medical certificate), the list of entrants will no longer be adjusted to cater for cancellations (mandatory registration fee of € 5 or € 8 (FDSF)) + € 5 administrative fee (per soloist, duo or group). The fine shall be paid by bank transfer (with reference by e-mail) before the next competition. Failing that, the dancer concerned will not be entered in the next competition.
- The same applies to dancers who fail to turn up without a valid reason.

To take part in competitions, dancers must be affiliated to Danssport Vlaanderen or the FDSF. Dancers may be asked for their membership card during the competitions to establish that they are. **All dancers shall dance under their own club name at competitions organised by Danssport Vlaanderen.** *Soloists and duos* affiliated to Danssport Vlaanderen but not to a particular club are welcome to enter under the name Danssport Vlaanderen. **Dancers who enter via another dance federation will be charged a €10 licence fee on top of the participation fee.**

The entry fee (to be paid at the entrance) amounts to:

In the event of non-compliance, the club will be given a warning. A second warning will result in a fine of 50 euro. If the Danssport Vlaanderen fines are not settled, participants will be banned from taking part in the next competition.

Dancers affiliated to **other dance federations** can take part in the Danssport Vlaanderen competitions provided they pay an annual dance licence fee of **€ 10** per person. Entries must be submitted via the secretariat of the other dance federations.

- Dancers are obliged to collect their numbers in the hall in person; small groups and formations shall designate a representative to collect their numbers.
